### Language-specific information:

Derived from the Celtic language family, Cornish is one of the ancient languages of the British Isles.

It is widely believed the language became extinct as a first language in Cornwall in the late 18<sup>th</sup> century, although there is evidence of continued use after this date.

The Cornish language plays an important part in preserving Cornish heritage and culture. As of 2022, Cornwall Council told the BBC that there were over

4000 children learning the language for free in schools. This effort on the part of Cornwall is not just an attempt to revive the language, but the cultural identity that goes with it.
